

REPLACEMENT PARTS

N°	Description			Replacement assemblies ①		
				N15	N32	N52
1	Housing cover			See bulletin 42-780 for replacement housings		
2	Housing base					
3	Switch mechanism			See bulletin for switch mechanism furnished (listed below)		
4	Attraction sleeve ②	Mat. code 1		032-4203-004		004-5411-002
		Mat. code 4		032-4511-201		004-5411-003
5	Jam nuts (4 pieces)			010-2107-001		
6	Guide washer (2 pieces)			010-3351-006		—
7	Stem	Displacer & stem kit	Mat. code 1	132-8125-001	132-8125-003	132-8125-005
8	Spring Assy		Mat. code 4	132-8125-002	132-8125-004	132-8125-006
9	Displacer Assy					
10	E-tube gasket			012-1204-001		
11	Encl. tube	NEMA 4X &	Mat. code 1	032-6346-804		Consult Magnetrol
		NEMA 7/9	Mat. code 4	032-6346-805		
		BASEEFA &	Mat. code 1	032-6344-004		
		CENELEC	Mat. code 4	032-6344-003		
12	Head flange			Chamber Assembly (Consult factory)		
13	Chamber assembly ③					
14	Stud Bolts					
15	Hex nuts					
16	Chamber gasket		Mat. code 1	12-1301-018	12-1904-010	12-1904-011
			Mat. code 4		12-1906-010	12-1906-011

NOTES:

- ① Consult factory or local representative, for ordering assistance on all special model replacement parts.
- ② Sheathed attraction sleeve, used on models specified for corrosive service. Standard sleeve is type 400 series stainless steel.
- ③ Chamber kits include displacer assembly, support spring, and attraction sleeve; assembled, within the welded float chamber.
- ④ Additional connection options, not covered in this bulletin, include special socket weld and raised face flanges.

IMPORTANT:

When ordering, please specify:

- a. Model and serial number of control.
- b. Name and number of replacement assembly.

Switch mechanism	Series type	Bulletin n°
– mercury switches	A	42-783
– anti-vibration mercury switches	E	
– dry contact switches	B, C, D, U, W, X	42-794
– hermetically sealed switches	HS	
– bleed type pneumatic switches	J	
– non-bleed type pneumatic switches	K	

IMPORTANT

SERVICE POLICY

Owners of Magnetrol products may request the return of a control; or, any part of a control for complete rebuilding or replacement. They will be rebuilt or replaced promptly. Magnetrol International will repair or replace the control, at no cost to the purchaser, (or owner) **other than transportation cost** if:

- a. Returned within the warranty period; and,
- b. The factory inspection finds the cause of the malfunction to be defective material or workmanship.

If the trouble is the result of conditions beyond our control; or, is **NOT** covered by the warranty, there will be charges for labour and the parts required to rebuild or replace the equipment.

In some cases, it may be expedient to ship replacement parts; or, in extreme cases a complete new control, to replace the original equipment before it is returned. If this is desired, notify the factory of both the model and serial numbers of the control to be replaced. In such cases, credit for the materials returned, will be determined on the basis of the applicability of our warranty.

No claims for misapplication, labour, direct or consequential damage will be allowed.

RETURNED MATERIAL PROCEDURE

So that we may efficiently process any materials that are returned, it is essential that a "Return Material Authorisation" (RMA) form will be obtained from the factory. It is mandatory that this form will be attached to each material returned. This form is available through Magnetrol's local representative or by contacting the factory. Please supply the following information:

1. Purchaser Name
2. Description of Material
3. Serial Number
4. Desired Action
5. Reason for Return
6. Process details

All shipments returned to the factory must be by prepaid transportation. Magnetrol **will not accept** collect shipments.

All replacements will be shipped FOB factory.
